

Sunday School News - May & June 2010

- Cannon's Camp Ground UMC has made an exciting change to the Children's Sunday School program. We have moved to the Workshop Rotation Model Sunday School, which we have named BLAST (Bible Learning Adventure Stations). Our kids truly have a blast in Sunday School, and we hope you will come and check out our new program!
- The Shepherds for the BLAST program are Tiffany Anderson (PreK-1st grade), Mary Arthur (2nd and 3rd grades), and Scott Anderson (4th and 5th grades). All children will meet in the Campground room on the 3rd floor at 9:30am on Sunday mornings, and from there the Shepherds will take them to a different workshop. We are in need of several new shepherds beginning in August 2010.
- Our workshops are On Broadway (movies), At the Campground (games, activities, drama), In the Temple (Bible story room), In the Jungle (arts and crafts), and Under the Sea (food and science). Each Sunday, there will be 3 workshops used since we have 3 groups of kids. In each room, the kids learn the Bible story in a different way.
- During May 2010, we have been studying Pentecost. Each Wednesday night we play active games that relate to the BLAST monthly theme. We hope you will come and see the fun that we have during BLAST!
- If you would like to donate monetarily to BLAST, please specify BLAST on your donation. We appreciate your support!
- **Would you be willing to share the gifts and talents that God has given you with the children during Sunday School?** We are looking for people who have talents in arts and crafts, cooking, science, and leading games, drama, and skits to help with the workshops in BLAST. If you have any of these gifts, please consider sharing them with the children. Please call Emily or Ami if you would like to hear more information about leading. We are currently looking for volunteers for February and March 2010.
